

CARIBBEAN RADIO LIGHTHOUSE

Send out thy Light and thy Truth Psalm 43:3

February 2023

Happy New Year from the Caribbean Radio Lighthouse! We were blessed to serve the Lord through another Christmas time-- when we adjust our broadcast schedule to include special Christmas programs and music all throughout December. Our listeners always enjoy the special music and focus on Christ's birth! We also had a listener competition, where listeners were encouraged to record a voice message or a video explaining why they listen to the Caribbean Radio Lighthouse. We had 30 submissions, and it was difficult to choose the winners! You can listen to our top four entries on the [Testimonials](#) page of our website.

In our prior letters I've explained the situation with our new STL equipment, which has been required by the government of Antigua. We were able to return the first order of equipment for a full refund and order a different brand of equipment, which should be arriving shortly. Please pray for the installation of this new brand of STL equipment, that it will work satisfactorily, and as we go through the duty-free application process again. We're also still working with the generator company's electrician to fix the small electrical issue with the new generator. Please pray that we can determine and fix this issue shortly.

In December, one of our Antiguan churches held a Thanksgiving Service and lunch for those who work at the Caribbean Radio Lighthouse! We were truly honored by their praise and gifts!

Very recently we began to upgrade the operating system on most of our computers, and therefore, we also had to update our 20+ year old editing software! Please pray that our staff will be able to navigate the new system and software smoothly!

We are still in need of additional missionary personnel to help with various aspects of the ministry. This has been a prayer and burden of the CRL ministry for four years! If you know someone who may be interested in serving in missions by assisting a radio station, please direct them to our website to watch our [videos](#) and to contact me at LighthouseBIMI@gmail.com. We also will be hiring a new local staff member shortly. Please pray with us as we begin the application and interview process, and that the Lord would give us wisdom to hire the person that best fits the ministry.

Please take a few moments to listen to our competition winners! We recently received a letter from a listener, who writes, "I am a few months away from my 100 years... I'm unable to go to church, because I am not as strong as before. I get my service from the radio station." Thank you for helping to edify and encourage believers and to spread the Gospel throughout the Caribbean.

For the Lighthouse Staff,

Nathan P. Owens
